Skill Highlights

- Programming
- Project management
- Complex problem solver
- Researcher
- Innovative

Languages

Spanish – Native
English – B2

Abilities

Programming Languages: Python, C, C++, HTML5, CSS, JavaScript, Assembler
Embedded Systems: STM Microcontrollers, Arduino, PIC, ESP32

Experience

08/2021 - Today

Armada Argentina - RPIDFA Engineer
- Python development
- Web platform desktop apps
- Research and documentation

03/2020 - Today

BHI – Research - Researcher
- Python development
- Problem solver
- Research

03/2021 - Today

Colegio Secundario Puerto del Sur - TICs Teacher
- Multiple courses – Teaching robotics, programming

03/2023 - Today

First class Teaching Assistant – Informática I – UTN FRBB

Education

2009 - 2016

Electronics Technician – E.E.S.T. N 2

2017 - 2023

University Electronics Technician – UTN FRBB

2017 – 2024

Electronics Engineering – UTN FRBB
